

To whom it may concern,

Batya Harush-Etrog taught at our school from 1999 – 2001 as a student teacher of the Hebrew Language.

Batya taught the class throughout the year very successfully; She used new methods in a precise and pleasurable manner. She always prepared her lesson plans ahead of time, was never absent or late. She had a good relationship with the students.

In addition to teaching Hebrew language. Batya innovated the start of a radio station at the school. She added pleasure to the student's day at school. Students requested to participate in Batya's radio station as their elective.

We would like to express our great appreciation for Batya's work which was very useful to the school and we were happy for her many contributions.

Sincerely,

Miriam Polakevich
Principal of the Junior
High School 'Zion'

Elite Baal-Koreh
Teacher of Hebrew language
