מיסודה של הסדרות הפקידים

## To whom it may concern,

Batya Harush – Etrog worked at the College of Management, Academic Studies Division, at The School of Media Studies for the past three years as a Lecturer of news broadcasting in a 'Basic Radio Skill's' class, and also as a Personal Guide for the students that are broadcasting at 'Voice of campus 106Fm' the collage radio.

Throughout the time that Batya taught at our collage, as a lecturer and as a Personal Guide, she was both extremely motivated and contributed to the development and advancement of the course and the students. She met with each student personally, with a goal of giving guidance and constructive criticism.

Her work was done with devotion, professionalism and the willingness to put in her best efforts beyond work hours, with a goal of reaching high achievements.

Thanks to her worm and pleasant personality, Batya connected well with the students and the academic staff, and she gave professional help to whom that asked.

Sincerely,

Mr. Guy Eytngon

Mr. Baruch Niv
